

Andrew Mikita

Letter of Recommendation for Promotion

Dear President Gianneschi and Distinguished Board of Directors:

I would like to take this opportunity to highly recommend Andrew Mikita, LPC for the position of professor of psychology at Colorado Mountain College. He has held the distinction of associate professor at CMC for the past nine years although recently he has essentially been performing the tasks of a full professor. As his assistant dean, it is my view that Andrew is fully qualified to be promoted to the position of professor and I urge you to award him this title and the responsibilities and benefits that go along with it.

Students clamor to register for Andrew's courses in psychology. He is an exceptionally gifted instructor who keeps his students enthralled with his compelling arguments and engaging class activities. There are few professors on campus who is as passionate about psychology and who desires to understand how we as humans operate than Andrew. All his classes tend to make without the need of petitions.

Andrew has worked closely with the Human Services Department as a team lead for psychology of personality, coordinating monthly meetings for all the other faculty teaching those that class. Andrew provides instructors with a course outline and all the resources that are needed to teach that class, as well as organizing check-ins with each of the instructors to make sure that they are all on the same page with instruction. In addition, Andrew was instrumental as team lead by creating an assignment that is utilized college-wide in all classes.

It is my honor and privilege to recommend Andrew Mikita, LPC for a promotion from associate professor of psychology to the position of full professor. I am easily accessible should you wish to further discuss Andrew's qualifications. Please contact me at (970)968-5806 or via email at jtdaniels@coloradomtn.edu.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "JTD".

Jotwan T. Daniels

Assistant Dean of Instruction, Summit Campus

Colorado Mountain College
